

Key Stage 1

Moderation and Sharing Event

A moderation and sharing event has been organised for Year 2 teachers (and TAs, if they can be released) on **Monday 12th March at North Denes Primary School from 1.30.**

The session will be facilitated by Abi Howett, who has just gone through County Moderator training for KS1. We want it to be a practical session, so ask that you bring along the following things;

3 Children's complete sets of books and folders

- Age Related (by the end of the year)
- 'Cuspy' ARE / Greater Depth (by the end of the year)
- Greater Depth (by the end of the year)

Day-to-Day Assessment Systems and Children's Target Systems that you currently use in the classroom

We want to give you the opportunity to share good practice and talk in depth about children's writing and how you assess it. You will use the County's moderation forms and will bring back to each of your schools, pieces of moderated work to support your ongoing assessments.

We also want to start publishing these sorts of sessions on either a Facebook Page or a Mini-Website, so would like emailed through to Simon Wakeman, exehead@coastalfederation.com a short report/description (absolutely no more 500 words, preferably less) of what you did and the outcomes of the activity WITH some 'action' photos (which could include children's work but also staff working together)
