

Schools working in partnership together....

Friday 25th May 1:30 – 3:30 at Hillside SRB, Bradwell

We are looking to create a supportive and trusting network of SENCOs that can work together to form an effective network.

To develop and share ideas and initiatives to improve teaching and learning in our schools.

To create a skills set amongst the SENCOs.

To hold regular meetings with colleagues to form a supportive, trusting and honest network.

To look at SEND funding its subsequent challenges and solutions.
